Precision tasting: a curated elite flight

Burgundy is home to 33 Grand Cru appellations, each representing the highest level of the region's vineyard hierarchy. Rather than attempting to illustrate them all, we have selected **six iconic Grands Crus** that we believe best express the diversity and prestige of Burgundy's greatest terroirs. Each wine has been chosen not only for its reputation, but also for its ability to illustrate a particular village, style, history or geological identity.

Sensory Perfection

Experience 6 exceptional Grand Crus, each sourced from a different renowned estate and representing a variety of vintages. Learn to identify the extraordinary depth, structure and complexity of a Chambertin Grand Cru, and discover the precision, balance and persistence that have made Chevalier-Montrachet one of the world's most admired white wines.
